

THE FUTURE ...

**IS ALREADY HERE — IT'S JUST
NOT VERY EVENLY DISTRIBUTED.**

- WILLIAM GIBSON

30%

2017 OECD Survey of Adult Skills

Organization for Economic Cooperation and Development

- * Individuals who live in low-income households,
- * Aging individuals,
- * Incarcerated individuals, other than individuals who are incarcerated in a Federal correctional facility,
- * Veterans,
- * Individuals with disabilities,
- * Individuals with a language barrier, including individuals who are English learners and have low levels of literacy,
- * Racial and ethnic minorities, and
- * Rural inhabitants.

**Why not
telehealth?**
